

Appointment Scheduling

MAXIMIZING GOVERNMENT AGENCY RESOURCES

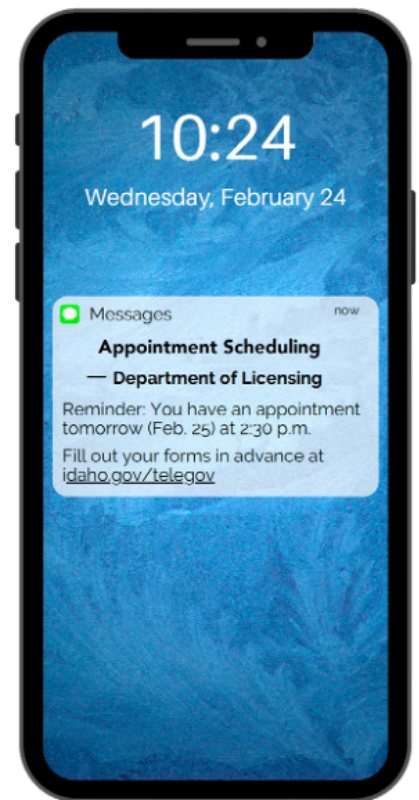

Time is valuable. With technology at their fingertips, residents expect government interactions to be as effortless as any other necessary business interaction.

Tyler's Appointment Scheduling application allows agencies of any size to centralize appointment management and control office traffic flow. With secure document uploads, office staff can save time by ensuring correct documentation has been received before arrival and avoid the frustration of turning patrons away due to missing paperwork.

Automated reminders and push notifications help expedite essential communications. A win for both government and residents, Appointment Scheduling offers secure, online scheduling at any time, from any device.

CHANGE THE WAY GOVERNMENT DOES BUSINESS

- Reduce foot traffic and wait times
- Eliminate reminder calls
- Improve time management
- Encourage a more positive, productive resident experience
- Streamline processes with custom appointments for each service offering
- Manage staff resources by location
- Collect required documentation prior to finalizing appointment
- Send automated text and email reminders
- Push notifications for urgent mass communication

Arkansas Department of Corrections Visitation

Offender Visitation Information

Date
2/9/2023

Due to the COVID-19 public health emergency, in-person visits to inmates/residents may be made by pre-approved individuals only. Immediate, adult family members may submit requests for visitation appointments. Although visitation time slots are blocked for two hours, your visitation time is limited to one hour. This is to allow one hour for sanitizing for the next round of visitation. You are submitting a REQUEST ONLY. All requests are pending review and approval by the Arkansas Department of Corrections. You will receive an email confirmation or request for additional information and instructions. Click [here](#) for more information about NEW visitation rules.
